How To Treat.

Medical authorities state that near ly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning. gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which the disagreeable symptoms which every stomach sufferer knows so well. Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Each dose of two tablets of Nuxated Iron contains one and one-half grains of organic iron in the form of iron peptonate of a special specific standard, which in our opinion possesses superior qualities to any other known form of iron. By using other makes of Iron Peptonate we could have put the same quantity of actual iron in the tablets at less than one-fourth the cost to us, and by using metallic iron we could have accomplished the same thing at less than one-twelfth the cost, but by so doing we must have most certainly impaired their therapeutic efficacy. Glycerophesphates used in Nuxated Iron is one of the most expensive tonic Ingredients known. It is especially recommended to build up the nerve force and thereby increase brain power, as glycerophosphates are said to contain phosphorus in that particular state so similar to that in which it is found in the herve and brain cells of men.
